

## Delete Objects from a Bucket

Click the checkbox beside the file and click ‘DELETE’ as shown in Figure 4-6 to delete an object from a bucket.

**Figure 4-6.** Delete a file

## Free Up Storage Resource

To delete a bucket or free up a storage resource to prevent billing on a resource that is not used, click the checkbox beside the bucket in question, and click ‘DELETE’ to remove the bucket and its contents. This action is not recoverable. See Figures 4-7 and 4-8.
